LOGISTIC DECLARANT

LETTER OF RECOMMENDATION

Our company was seeking marketing support, the creation of a landing page, and the development of an advertising strategy to attract clients for our customs clearance services. After a thorough search, we chose Uwindi Agency based on their experience and reputation.

The Uwindi team, led by Konstantin Tesov, exceeded our expectations. They designed a stylish logo and brand identity for us, followed by creating a single-page website that effectively showcases our services.

The launch of the contextual advertising campaign was a breakthrough! From the very first days of the campaign, we began receiving targeted inquiries and calls to our sales department.

The Uwindi team demonstrated a high level of professionalism and deep expertise, helping us achieve significant marketing results. We sincerely recommend Uwindi Agency to anyone looking to grow their client base and increase sales. Thank you, Uwindi, for your work and contribution to our success!
